

## Mr. Alexander Logan Kopf

February 9, 1987 - September 19, 2022

Alex Kopf passed away suddenly at the age of 35 on Monday, September 19, 2022. He was a talented young man who leaves behind his mother, Janet, and his brother, Matthew. Alex's love for his family was evident to all who knew him. He also leaves behind aunts, uncles and cousins and too many friends to list.

As you hold me close in memory  
Even though we are apart,  
My spirit will live on there,  
Deep within your heart...  
I am with you always.

Alex was born on February 9, 1987 in Mobile. He attended Murphy High School and graduated in 2005.

Alex was known by his family and friends for his enormous heart and his great sense of humor. He will be remembered for his zest for life and his passion for nature. Every living creature from squirrels to dogs meant a lot to him and he was very devoted in helping any animal in need. Dauphin Island and Petit Bois Island were his favorite places to relax and reflect.

There will be no memorial service at this time and the family is asking for privacy.

“ Alex was truly one of a kind, he lived life to the fullest and slowed down little to none at any point. There are so many memories I can think of but the ones that stick out the most are the ones just sitting around the house, having a few drinks and always filled with laughter and amazing times around the kitchen table at Miss Janet's place. I love this family more than words can express, they fed me so many times when I had little to no food, and always gave me a place in their home when I had nowhere else to go. Alex was a great man, but an even better friend. So many trips fishing and to the river and late nights with the boys. I cant express how much his friendship meant to me, and will always cherish our good times, I love you brother, until we meet again

“ i wish i remembered more of alex, but everything i do remember will stick with me forever. without missing a beat, every time i saw him (if we were about to eat) he would ask me if i was ready to start eating all of the seafood. usually i'd be thrown off for just a second because i've always hated seafood & some people just forget, but he always remembered. & of course always joked about it, but never pressured me to actually eat any even though he was avid about it, which is something small i will always appreciate. alex had an amazing heart, & i wish i had some more time with him□
