“ She went wedding dress shopping with me and we found the perfect dress. Together we decorated the site and we walked over that floor a 1000 times and still tripped in same spot . She was my best friend and always will be. I will miss her very much.

“ My mother was one of the kindest people you would meet. She hated people fighting and was always trying to make my family peaceful even if it meant she would get hurt. I will miss her and our Yahtzee games. We loved going out to eat and the talks we had we never be forgotten.
