“ I taught with Mrs. Applin at Causey and she was our team leader and someone who always showed me a lot of support as a teacher. She was also a Facebook friend and I did not realize she had passed away with her last post being in 2022 telling friends she was sick. My condolences...Mrs. Applin did a lot of good in this world.

“ It's tough to lose your little sister. She wasn't supposed to go ahead of me. Since there is six years difference between our ages, we grew up in different worlds. we never really did much together in our younger years but as we grew older we grew closer. I'll always remember our trip to Key West as a highlight of our lives. She dragged me to a kid's Mermaid show that was a delight. We rode the schooner "The Spirit of Independence" that we specifically went to Key West to visit. We had a great time. I'm so glad we didn't wait for "a better time". I miss her!!

Sorry for your loss Dan. Your sister was a classmate and I knew your brother Ray very well because he helped our media crew a lot during conference and special events. I have a picture of my Kids on Santa Rays lap. My brothers Jim and Duane Wheaton graduated from Chrisman in 1960 and 62. I think my brother Jim played football with Ray. They were both good people and will be missed! Dave Wheaton
