“ i could write a book..hal has been one of my bestest friends since we were 15 years of age..i learned my lifelong trade of silk screening working along side in in the basement on decataur ave..we spent a lot of time enjoying life to it's fullest (and sometimes beyond) mostly good times..but like anything else ya gotta mix the good with the bad..and there were those not so good times..once hal moved south we talked often on the phone..only seeing him a few times in the last 15 or so years..so now it's to infinity and beyond hal..you'll be in good company as a lot of our friends and families have left the planet..the older i get..the more i truly believe..the party is on the other side..see ya there..we'll do it all over again..this time for eternity. Love ❤️ ya man.

“ Deb, I was sad to get the news of Howie passing. Even as time passes on we go our separate ways, I chose to keep him in my heart. because I truly know he was the true love of my life. I pray that he made his peace with God because if he did, I will see him again, in Heaven. No more sorrow, no more pain. May God Bless you and your family, I know .Howie loved you all. Sincerely, Darlene Lyles
