“ *Momma Helen, as everyone called her at SOMI, was an amazing woman whose life was an inspiration for me. She had a challenging life and always had words of wisdom, she was always encouraging no matter what she was going through. I got a key she gave me to turn, she called it my key to heaven, saying all I had to use it and believe and things would work out. I am so grateful that she became a big part of my life this last year and half. I will personally miss her.*

“ *Helen, was born to create. Nothing stopped that. Not tragedy, disease, or hard times. She always rose above it all to bring beauty to this world.*
