This is a shock. One of the kindest souls I've ever known. Love you always my beautiful, Pisces friend.

“ *I don't even know where to begin, I still haven't been able to wrap my mind around it. We were friends all through school, but just like always we drifted apart after graduation. Thanks to Facebook we reconnected and picked up like no time had passed. Holly, the world has a become a little less bright without you in it my friend. To Holly's family, I am so sorry for your loss, Holly was a beautiful soul! To Tish, I'm only a phone call away if you need me.*

“Holly is or was my best friend. We will always be, "Holly & Tish." When we were younger, say 13-14, we were also "Laverne & Shirley." I have so many great & not so great memories. For 37 years. We always thought we were gonna grow to be two old ladies having fun & cuttin up. No one that we knew had a friendship like ours. At age 12 when we met, everything we did was together. As we got a little older, we had nothing in common. For example, Holly liked comedy. I like Crime & Horror. Holly liked softer mellow tunes. I like Hard core. Instead of just being best friends, we became more like family, she was & will always be my sister. That's why I said great & not so great because for 37 years we were always there for each other, no matter what. I know Holly is a beautiful Angel now. And to her daughters, her brother & sister, her mother & her grandmother, I send my condolences.

I am so sorry to hear this sad news. Tish is my sister and Holly was a part of our family. We will pray for you to have comfort in this trying time. It is hard but my experience is remembering the good and precious memories we all have. My prayers are with you all.

Tish and Julie, thank you so much for your kind words. Tish, I think she was closer to you than anyone else. Thank you for being a friend and a sister to her. We consider you family. You are like the other half of my sister. I love you Tish. Take care of yourself. She's no longer hurt and suffering. That's the only thing I have to hold onto right now.
