“ We had a lot of fun times and sad times. We had our own up and downs. I loved you so much and I am going to miss you dearly you will always be in my heart and my thoughts as you always have. No mater what we had been through you always answered the phone for me just to listen. Most the time telling me I should just come home and now I wish I had just to see you and I am sorry I didn't get back home to see you. I will miss you forever and always so till we meet again fly high little brother I love you and R.I.P.

“ Lord there were so many memories of me and my baby brother from tears to laughter to laughter until you hurt and cried we shared so much together. I could be mean to and get mad at him but no one else was allowed to.
