“ *The title page of his life is Lewis Bay Buford Jr .His preface began with his birth. The pages of his life contained his efforts, trials, pleasures, ambitions and achievements. Day by day his thoughts and acts were inscribed as evidence of success or failure. Hour by hour of his life was a record made which must stand for all time. However, this record shows noble purpose, generous service and work well done. Most of us don't get to choose when or how we're going to die, but we all get to decide how we're going to live. This is the legacy Lewis Bay Buford left behind.*
