“ *I will never forget our hilarious times together little brother. Not a lot of people get to have that title in my life but you do because no matter what, if I needed you you were there and vice versa! I'll never forget that last hug and you telling me to get back home and you love me! I wish this was just a bad dream. I know you are not hurting or depressed anymore and that slights the pain. I know you're making everyone up in heaven laugh. I love you lil brother! Till I see you again*

“ Mike I don't know why you were so surprised the day I called you my bonus Son. You asked me did you just call me your bonus Son? I said Mike your extra extra but your still a bonus. We both laughed you knew you were extra. You told me not long ago that if I ever needed you you may not be standing in front of me but you would be here and for me not to forget that. Well , I need you now. You told Christy recently that you could talk me to sleep with all your stories . I wish you were doing that now because I can't sleep. I miss you Mr Boutwell you were one of a kind and you taught me a lot of things . You had plans for 2024 and had just started a new job and I believe if not for your health you would have accomplished those goals. If I could just turn back time....

“ I will miss you. You were my brother from another mother and my family loved you. I don't know what you have been going through these past few years but, I hope you are in better place. Your kids will be taken care of now that you are gone. Be at peace my oldest and dear friend.
