“Michelle, I know that I only got the chance to know you for a short time, but you left a legacy at work. You were more than a boss to me, you were like family. You gave me so much confidence, support and always kept telling me how you appreciated this or that, and that it felt like we have worked together for years. The office is and will not be the same without you! I will not look at Halloween the same either. I have my moments with work problems of “what would Michelle do with this issue” and it’s like you are over my shoulder, guiding me!
I pray for your family during this time as they have lost an all around amazing woman! You will always be remembered and we miss you so much!!

“ You helped so many people, and they didn't even know. You were always doing things like that. You were the lady behind the scenes. You paid for many tickets, donated to many charities. You were my loyal reliable friend. You always helped me formulate a plans to solve issues even if u werent present when the issue was resolved. Halloween was our Holiday! You always met my crazy costumes and topped it by far. I will miss exchanging ideas, trying to top the year b 4 got harder and harder. We never got to throw a Halloween party...You made atleast 1 shift a week a day to look forward to for me. I didn't dread coming to work when I knew you were gonna be there with me too. You would have went to the ends of the earth for the ones you loved. Everyone that truly knew you, knew your heart, you would do anything for the ones you loved. I am lucky enough to have known you. Rest in peace my friend, I will forever miss you and your never ending kindness and love.

“ I appreciate Michelle excepting us as extended family. She shared alot of memories about Stephen as a child, lol. And our hopes for Hunter and Ryleigh.

The grandkids loved her and Mark so very much.

We enjoyed talking about cruising, even planned going with the kids on a cruise.

It's still hard to believe she's gone, so young and beautiful.

Mark will always be a part of the family and we need help spoiling the grandkids.

Michelle will be greatly missed.

Stephen she will always be a part of you and the children's lives.

Her heart is always with you.

Love always mawmaw Walker

“ My heart still feels like this is unreal. We met in different chapters of life... I was a college freshman who just left the nest and Michelle was a married mother of 3. And yet a friendship of more than 20+ years began. I remember she always brought a beef jerky to class and shared with me and Julie, and how she would always tape the newest episode of Friends on VHS and share. I will miss her tremendously; she was always the one of the first friends to text on holidays and special occasions. She will be greatly missed! The world lost a very special and selfless human.

“ *Michelle, the office isn't the same with you gone and knowing that you are not coming back. It's so hard to walk past your office and you not be there with a wave or a smile. I will certainly miss our chats and your advice, especially for my bully's. I will miss swapping puppy stories with you of Dar Dar and Sunshine. I miss you and love you. I could certainly use your ear this week. Xoxo Melinda*

“ It’s true of you that you would give the shirt off your back or your last dollar to someone that needs it. You never gave me your shirt or even that last dollar - but you did go to the ends of the earth to help me back in my time of need and that’s something I’ve held close to my heart all these years. I truly believe I wouldn’t be where I am without your help and friendship. You’re a rare gem Michelle! Aside from all this - you were a fun person to be around too. From the memories at work to the trip we took to Bermuda. Words are not enough to describe you to the fullest. We didn’t speak everyday or even every week, but I already feel the emptiness of you being gone and I miss you so much. Fly high my friend!

Your light shines so bright I could see it all the way up here. You will forever be loved and missed. Along with being my sister you are a daughter, a wife, a mother, a grandmother and an aunt, you are so many things to so many people and we are all so much better for being able to share this life with you.
