“ Every time I think of you my heart is heavy I know that you are still with me

“ Ahh momma, what'd I'd do to have you back here. What my mom was to me, was a survivor, no matter what we went through she was always the first to let us know she loved us. She had a sickness and I don't blame her for what we've been through, I blame the disease. I don't really have to many great memories with my momma, but when I did, they were sweeter than sugar. Recently, about maybe 3 months ago, me and my sister savannah went to stay with Taylor, because our brother Matthew was coming down from Arkansas. So of-course my momma came along, and the main thing I can recall is her jokes. My momma always had a smile on her face and a joke yo tell. She loved Anastasia and quinley so much, you could see the loving energy they got off her beautiful smile, I love you momma, fly high
