“ Praying for Mrs Becky and Family. Pastor Sam was kind and generous soul and will dearly be missed by all that knew him!! I will never forget when he married Tony and I and made a joke so we would laugh and relax! He was a wonderful man.

“ My thoughts and prayers to the precious family of this precious man! What a privilege and blessing from the good Lord above it was for me to have crossed life's path with Pastor Sam. It's so hard to believe he's no longer here on this earth but one thing is for certain - he is in his Heavenly Home! There was something about this man of God that drew everyone to him. His heart was pure and to top it off- he was hilarious! There are so many things I can say about him but right now the shock and sadness has me dumbfounded. I will never forget the first time I met his beautiful bride and the sparkle in his eyes as he spoke of his love for her. I have also been blessed to know his sweet Amanda who also has the precious heart of her Daddy. I can't help but pray for how her heart is feeling right now. Heaven is a place he looked forward to being and he told everyone he met about the love of God. The way he talked about God made a person want to know more. It is with utmost love for his wife and family that I give my most sincere condolences to you all. May God continue to hold you and keep you and I pray he sends his Angels to wrap their wings around you as you remember your wonderful loved one.
