“ Sheila, I met you while eating out at Cracker Barrel and you most definitely made a lasting memory. You would come to our table and talk like we'd known you for years. You truly touched our lives. You were such a big hearted person who was very comfortable to get to know. You will be missed. Rest in Paradise my friend! Always, Michele & Butch!!

“ So many memories, so little space. You were my mother, and you'll always be my mother. But for 31 years, I was able to have you on Earth. I learned so much from you that only someone amazing like you could teach me. Pinky up, maybe you're eating a Krystal for me. I lava you.
