“ I knew Tack and all of his family since the day I was born in 1951 on the corner of Sans Souci and Navco. I have to say he was a man that you can't forget. His fami;y were the first people I knew and became almost a part of the family. I could go on for a long time about the many adventures over the years that I had with Tack, Bill , Charlie his Mom and Dad and all the rest of the family. As the years pass I see so many of the old crowd gone and it is sad but this is all apart of life. I had just become aware of his passing and I wish all the comfort God can give to his family

“ Gayle, I think of Tack as the man who made your face light up. I remember when we were teens and he was around you would just glow with happiness. At our last reunion I saw that same look on your face. I know he made you happy and brought you happiness. That's a memory you can cherish.

“ So very sorry to lose this man. He was a wonderful, fun, caring guy since we were kids. There's a hole in the world without him. May he rest in eternal peace. All the best to family and friends. We will miss him dearly.

“ Tack had a unique personality that made anyone who knew him unable to forget him. I knew him since our 5th grade till our graduation from Davidson High. We both joined the Navy and eventually lost contact. I send my condolences to his family. From his Facebook posts, it leaves no doubt he was a true Bama fan. I hope this disease has not touched anyone else in his family. May he Rest In Eternal Peace. Ron Lomers
