“ Coming up on the year anniversary of Tommie's passing. I had recently found out that she passed and am unbelievably heart broken. Someone who shined as bright as a star and that cared about anyone that she met, Tommie will always be remembered as a sweet, caring person by anyone that she encountered. Missing you sweet lady.

“ I never imagined I would be writing this. Tommie I can't come to terms with the fact that you're gone. We had some really good times and shared a lot of laughs and secrets. But we were both stubborn and hard headed. You never know that the last time you speak with someone would truly be the last time. If I knew then what I know now I would have never let you off of the phone. I would tell you how special you are and how grateful I am to call you my friend. The one thing I've learned from our friendship is to not hesitate and to never take time for granted. Rest in Heaven my friend. I know you are there with your mother. Know that your family here will be ok because taught them how to stick together. I will forever miss your laugh, your smile, your angry bunny sense of humor. I love you girl! You will never be forgotten.
