“ Wally was a really nice person. He was a friend to everyone he met and was such a happy person when we all were young and hanging out. I know his brothers, sisters, and all family and friends will miss him greatly. I am sorry that he has had to suffer these past years with his health. I know he won't be suffering anymore and is in the great kingdom of god with all of our family and friends that have passed. The Neese/Conway clan will miss him.
