“ *Uncle Bill is what we always called him, He was the definition of a gentle giant. Growing up uncle Bill was the guy that all the kids would pile on and wrestle all over the yard, There was a few times I think the kids won but those that knew him knew he enjoyed family and life. My one and only uncle. Rest in peace Thank you for being the uncle Bill we all loved. The one and only BBB. Until we meet again love you uncle Bill.*
